The times for all 4 events will be added together, and the 6 swimmers with the fastest aggregated times will be selected, plus one reserve in the event of a withdrawal.
22. The final will be seeded with the fastest swimmer in lane 3. The six finalists will swim in the first skins heat, with the swimmer finishing 6th eliminated. the five remaining finalists will swim in the second skins heat etc until two swimmers are left, they will then swim off to decide the winner
23. The strokes to be swum in the medley skins final will chosen as follows:
 - The stroke to be swum in each skins heat will be randomly chosen.
 - 8 pieces of paper will be placed in a hat, with one of the four strokes on each piece of paper. 2 pieces fly, 2 breaststroke, 2 backstroke and 2 freestyle.
 - Twenty seconds before the first heat the referee will draw a stroke from the hat and instruct the swimmers what the stroke will be, swimmers must then take up their start position. The paper will not be returned to the hat.
 - The chosen event will be swum under normal competition rules, any infringements will lead to disqualification. On completion of the event, the last finishing swimmer will be removed from further competing by the referee, unless there is a disqualification.
 - For subsequent heats there will be a fixed time interval between starts. For Juniors the heats will be 140 seconds apart, for seniors the heats will be 120 seconds apart.
 - 20 seconds before the start of each further heat the referee will again draw a piece of paper from the hat to determine the stroke to be swum in the next heat and inform the swimmers what stroke they are to swim. Swimmers must then take up their start position.
 - The winner will be declared once there is only one swimmer remaining.
